Special Planning Assistant to
the Deputy Director (Support)
2-1016A T4

I think that the attached file is
self-explanatory.

I have discussed this with
General Cabell and he advised me that
he first thought this would be a good
idea when it was contemplated that we
would relocate our present [REDACTED] 25X1A8a

[REDACTED] at [REDACTED]
Now that the decision has been made,
at least tentatively, to locate it at
[REDACTED] there may be less justifi-
cation for this facility.

General Cabell does not wish to
have any pressure put on this project
but does feel that it should be explored
thoroughly with the Office of Logistics,
the WH Division, the EE Division, the
[REDACTED] and other
appropriate Agency components to
determine whether or not there is a
requirement for such a facility.
